Alternative Assessment (Final Academic Project) – Title Proposal Document

Course & Section: 4DSA
Academic Year: 2026–2027
Group Number: 4
Date Submitted: October 26, 2026
Group Members:

1. Olaybar, Greg Kirby T. (Lead)
2. Bautista, Anedy Johane G.
3. Bondad, Anya Venice Alexa F.
4. Caballero, Lyonel Don B.
5. Escasinas, Jethro Rysal R.
6. Tenorio, Erika Nadine C.

1. Project Title

App Title: Ahon

2. The Problem

Guests/tourists experience problems with accommodation efficiency due to inconsistent status updates on booking websites/apps and a lack of transparency. Moreover, these problems can be experienced by booking partners in terms of logistics and communication. With these problems in mind, Ahon aims to bring integrated booking services and a live dashboard to address the challenges faced by customers and booking partners.

3. Target Users

- Booked Guests, Booking Partners

4. Core Features (3 to 4 Must-Have Functions)

- • Feature 1: Live function Dashboard
- • Feature 2: All-in-one Booking and Transportation
- • Feature 3: Integrated Services

5. Platform & Goal

Target Platform: [ ] Android [ ] iOS [ ] Cross-Platform Mobile [✓] Web App
Target Goal / Success Definition: Higher customer ratings, satisfactory ratings from customers and booking partners, stronger multi-functional services for accommodation, booking, and transportation

Proposal Status: [ ] APPROVED [ ] REVISE & RESUBMIT [ ] REJECTED

Instructor Signature: _____ Date: _____
